Subject: WPD Portal Takeaways

Good Afternoon Chief Wilhelm

Thanks so much for your time this afternoon.

We're excited at the prospect of working partnering with the Waynesboro Police Department to reduce crime and engage citizens through the Neighbors platform.

To recap some program highlights (some talking points):

Neighbors by Ring is the free smartphone app that allows citizens to upload videos, photos and alerts related to crime and safety and share them with their neighbors. You do not need Ring cameras to use this app.

The Neighbors Law Enforcement Portal allows your agency to view and comment on these posts in real-time, directly engage citizens and create neighborhood alerts that are targeted to neighbors in specific geographic areas.

On the investigative side, the portal allows you to see an active camera map of all the Ring devices in your community and directly request relevant video when a crime is committed. All of this is provided to law enforcement and the community at no cost.

We will create a Waynesboro - specific download link for the app. Anytime someone uses the link to download the neighbors app, Waynesboro PD gets credit. For every 20 downloads, we send you another device. We are willing to work with the police department, local foundations or the city on a subsidy program to help get additional cameras into the community.

I am just waiting on our legal team to revise our MOU. Once it is provided to me I will send it over to you as soon as I can.

Thanks again!

Good Afternoon All,

I am sure most of you are familiar with the company RING, which offers home security and surveillance solutions. For those of you who are not, there is a link below to their website if you want to take a look at it.
<https://ring.com/>

Let me start by saying that I am in **no way endorsing this company's products.**

However, if you are interested in purchasing any of their products in the near future, they have created the Waynesboro Police Department a \$50 discount code for those purchases as a courtesy for listening to their webinar the other day about the "law enforcement portal" that is available.....more to follow on that.

Our department code is: **nbwaynesboro**

This code will provide \$50 off all Ring products excluding the classic doorbell and accessories.

HOWEVER....you must be sure to use **your department email when checking out with this code to apply the discount.**

If you have any questions, just let me know.

Good Morning Chief Wilhelm,

Happy New Years and I hope all is well.

Thanks for being so patient with us while our legal team revised the MOU. I was given the green light to send this out to your department for review and signature. Please let me know if you have any questions or concerns.

If for any reason this MOU needs to go to City Council or anywhere open to the public for review I would like to link in Morgan who is our PR Coordinator. She will be able to provide your department talking points and resources to present to the Council.

Has the PIO been caught up to speed on the Neighbors Platform and Portal?

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 2nd day of January, 2019 by and between Ring LLC ("Ring") and Waynesboro Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Waynesboro ("City") neighborhoods safer.

Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).

The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.

As part of the program, Agency may:

- Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
- Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

Make the Neighbors App available to City residents free of charge.

Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Chief Wilhelm Great news! The MOU agreement is fully signed. Attached are the documents for your records.

I will be the department's Account Manager moving forward. Our Next step would be to set up a 1-hour webinar with you and all the key stakeholders for your Portal Onboarding and myself. The Portal Onboarding is train-the-trainer style so we only require the following people to join:

1. Partnership Coordinator - the main champion for the Ring partnership
Name:

2. Press/Media Coordinator - typically the PIO who will coordinate the initial partnership announcement and ongoing PR
Name:

3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)
Name:

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.
Name:

5. Community Relations Coordinator - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.
Name:

Please fill out the names and email addresses of the LEOs that will be joining this meeting. Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.

Lastly, please ensure you have access to a computer so we can screen share the Portal with you.

I have availability open on Tuesday, April 2nd at 1 pm EST or Tuesday the 9th at 9 am EST. Please let me know if one of these days and times works for you and the others.

Thanks!

I think it has potential for sure.

Question I have is this... if I share a video of someone at my home engaged in perfectly legal conduct does it reflect only on me or does the department share liability for sharing it as well. I can see some people being offended at being dubbed "strange" for simply knocking on a door in daylight and leaving a brochure or whatever. Think Jehovah's witnesses....

It costs us nothing. Success will depend on the number of participants in the City, but there are already several users in Waynesboro.

Monitoring is simple. You set up a geo-fence on a map (mine is set to a 2 mile radius from my house) and if anything gets posted for that area you get an alert on your phone or computer. Emily, Fred and I do most of the Facebook monitoring currently with content screening and assistance from the Ops techs on night shifts. Definitely more useful than Facebook and just as simple to monitor. It is just like any other software...you don't know what it involves until you get into it. Norfolk just went live with it and the folks that I have spoken with say it simple to use and less labor intensive than Facebook to maintain.

Subject: RING Neighbors

This is a program that I think might be worth getting involved with. There are a lot of good points to the program. It is kind of like a cyber-neighborhood watch program and it doesn't look like it will take a whole lot of effort on our part. Here are some of the highlights.

Neighbors by Ring is the free smartphone app that allows citizens to upload videos, photos and alerts related to crime and safety and share them with their neighbors. You do not need Ring cameras to use this app. All of the posted content is monitored and screened 24/7 to avoid inappropriate content or posts that are not relevant to criminal or suspicious activity.

The Neighbors Law Enforcement Portal allows your agency to view and comment on these posts in real-time, directly engage citizens and create neighborhood alerts that are targeted to neighbors in specific geographic areas.

On the investigative side, the portal allows you to see an active camera map of all the Ring devices in your community and directly request relevant video when a crime is committed. All of this is provided to law enforcement and the community at no cost.

We will create a Waynesboro - specific download link for the app. Anytime someone uses the link to download the neighbors app, Waynesboro PD gets credit. For every 20 downloads, we send you another device. We are

willing to work with the police department, local foundations or the city on a subsidy program to help get additional cameras into the community.

Here are some of our local video and crime posts. I have it on my phone and it's really easy to use.

Chief Wilhelm Great news! The MOU agreement is fully signed. Attached are the documents for your records.

I will be the department's Account Manager moving forward. Our Next step would be to set up a 1-hour webinar with you and all the key stakeholders for your Portal Onboarding and myself. The Portal Onboarding is train-the-trainer style so we only require the following people to join:

1. Partnership Coordinator - the main champion for the Ring partnership

Name:

2. Press/Media Coordinator - typically the PIO who will coordinate the initial partnership announcement and ongoing PR

Name:

3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)

Name:

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.

Name:

5. Community Relations Coordinator - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.

Name:

Please fill out the names and email addresses of the LEOs that will be joining this meeting.

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.

Lastly, please ensure you have access to a computer so we can screen share the Portal with you.

I have availability open on Tuesday, April 2nd at 1 pm EST or Tuesday the 9th at 9 am EST. Please let me know if one of these days and times works for you and the others.

Thanks!

2. Press/Media Coordinator - typically the PIO who will coordinate the initial partnership announcement and ongoing PR

Name:

3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)

Name:

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.

Name:

5. Community Relations Coordinator - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.

Name:

Please fill out the names and email addresses of the LEOs that will be joining this meeting.

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.

Lastly, please ensure you have access to a computer so we can screen share the Portal with you.

I have availability open on Tuesday, April 2nd at 1 pm EST or Tuesday the 9th at 9 am EST. Please let me know if one of these days and times works for you and the others.

Thanks!

Hi Chief Wilhelm and Captain Walker

Now that we have our Remote Onboarding set for April 9th at 9 am EST, I wanted to introduce our PR Coordinator, Morgan Culbertson (cc'd) and send over our press packet of materials so we can begin to coordinate plans for the initial public announcement.

First announcement item to note is the In-App alert will be pushed out by Ring the day before your Remote Onboarding. This alert serves a simple heads-up to existing users on the Neighbors app in your jurisdiction to let them know once your Department has joined the conversation (see sample alert [here](#)).

In addition to the In-App alert, Morgan will work with you to go over the press packet materials below and establish a target date to roll out a much broader public announcement to officially kick-off the partnership.

Press packet is available to view & download [by clicking here](#) and includes the following materials;

- **Press Release Template:** Ready for you to review and customize with a quote, suggested edits to content and to incorporate into official Department release format. Be sure to share your edits with Morgan for a quick final review prior to distribution.
- **Sample Social Media Posts & In-App Alert:** Sample content to share across your existing social media platforms in tandem with the press release and In-App alert pushed by Ring to all local Neighbors app users.
- **Talking Points & Reactive Q&A:** Internal docs to prepare Dept. spokespeople to speak about the Neighbors app and our partnership with confidence and respond to commonly asked questions we have come to expect from the press and public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images approved for use in press releases, social media posts and other public communications moving forward.

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Good Morning,

Sorry for the delayed response. Captain Walker has been off most of this week, I was out of the office yesterday, and we had quite the busy weekend with two fatalities.

Anyway, we received all of the media materials that you sent in the initial email but never heard anything after that. Either way, I have attached a draft release with all of our information in it that we will likely send out on Monday.

If there is anything else that needs to be done on our end prior to the webinar next week just let me know.

MEDIA RELEASE

Waynesboro Police Department Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in neighborhoods by connecting people, security cameras and law enforcement.

The Waynesboro Police Department today announced that it is joining the free Neighbors app by Ring to provide the Waynesboro community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Residents can text 'StaySafe' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to; join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have the Waynesboro Police Department join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the Waynesboro community can stay on top of crime and safety alerts as they happen."

How It Works

- Download the Neighbors app on iOS and Android here: download.ring.com/neighbors or by texting 'StaySafe' to 555888 from your smartphone.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

Hi Chief,

Thank you for connecting with me earlier for the Portal Onboarding! Recap below as promised:

1. Portal Requirements

- a) Account Provisioning** - Attached is an Excel doc outlining what's needed to provision users. Please add everyone that would potentially need an account and send it back so we can set up their accounts. Let me know if you have any questions on this!
- b) Browser Compatibility** - Portal is compatible with Chrome or Firefox. Please refrain from using Internet Explorer or any others not listed above.

2. Training Materials - Attached are Training Materials that you can distribute to users that are provisioned. These should help provide context and baseline knowledge for them to properly use Portal.

The Portal Announcement Flyers is something you can print out and hand out to your community to talk about the partnership!

Otherwise, thank you everyone again for your time earlier and let me know if I forgot anything!

Hi Chief,

Also most importantly, don't forget to interact with neighbors that ask questions on your LE Post!

Title: You Added: Chief of Police

To make the post stand out more I recommend: "Waynesboro PD Needs Your Help! " something in that sort of lines!

Enjoy your weekend!

Of Course!

The LE Post will:

- 1) Put context behind the email going out to Ring Users, reassuring them that you do have an ongoing investigation and you do need their help. (Ring Users will only see this email If they captured video between your selected time span)

- 2)The LE Post will also go out to Ring users and Neighbor by Ring users (NBR). NBR users most likely are using third-party cameras that could have captured video pertaining to this incident so you are grabbing their attention on this and asking to share their video with you directly via email.

Example Post:

Title: Waynesboro PD Needs Your Help!

Address: Enter in the exact location of where the crime took place(Exact address will never be shown to the public)

Description: Hi Waynesboro Community, this is Detective Modestine of the Waynesboro PD, we have an ongoing investigation and we need your help! Last night around 2 pm we had a home burglary that took place on pine street. We are asking anyone that has captured video between 1-3am on their home security cameras if they could please email these videos to Anthony@ring.com or please call 555-555-5555 if you have any helpful information. We need your help to make our communities safer!

Media: Attach pictures/videos of the suspects or department logo if you are not attaching any media.

Again I highly recommend these two always be paired! Let me know if you have any questions!

Auto Burglaries to unlocked vehicles

The Tampa Police Department is currently investigating overnight entries to unlocked vehicles in your area. If anyone has any information in regards to these incidents which occurred on 3/18/2019 between midnight and 6:00am, please contact TPD District 2 at (813) 931-6500 and reference report #19-130494. We understand life happens and as always, we encourage all residents to remember to lock your vehicles at night and make sure nothing valuable is left inside.

Is anyone able to ID this guy that was creeping around a shed in the area of Old White Bridge Road/Iris Drive?

If not, please conduct some extra patrols.

Here was the post to the RING Neighbors Portal:

Man wandering around my shed 3:00 am

Later saw a SUV pull up and load something from the side of the road and drive off. Checked my shed and didn't see anything amiss so it may have been something from one of my neighbors.

Of course and totally agree, this is our development teams top priority into getting this done. This did happen yesterday so does not need to be addressed at this moment in time, but this person should definitely be informed that they should also be calling the PD in these types of instances since it is not moderated 24/7!

Hi Chief,

This Neighbor's Post just caught my eye and should definitely be addressed by someone from the department.

Either yourself or others that have access should be commenting on all post neighbors are sharing to the Neighbors App.

Example - "Please call the police if you see this take place again"

The community will see your departments engagement and will want to keep providing you information the more you address their concerns/issues/tips.

Someone on my porch

Was in the bathroom and my roommate sitting in the living room looked over and someone was standing on our porch looking through the window. I went out and looked around but I didn't see anyone, even checked my crawl space. My doorbell cam didn't pick up where she said they were.

Good Morning All,

I saw this post on your facebook this morning about your Safety Day tomorrow! I hope you have a great turnout.

This is a great post to go through the Portal, to alert your crime/safety conscious residents who are using the app. I am sure you will have some residents show up just from this post alone.

You can also create a post about the road closures for tomorrow's Soap Box Derby Event. The road closure alerts are nice to go out through the Portal as these types of posts don't really receive too much attention on Facebook. There it will be filtered out and not hit the residents that need it the most!

Hope you have a great rest of the day!
